Your wedding day is special and each wedding is a

B&W Photography

unique event. We strive to offer a variety of wedding packages that will meet your artistic and budgetary needs. If our base packages do not meet your requirements, ask us about designing a photographic tribute especially for your wedding celebration!

Photos by Andy is a small, home-based photography studio located in Hampton, IL. Because we are small, your wedding is the only event we will schedule on the day of your wedding. As member of the Professional Photographers of America specializing in Wedding Photography, we are enrolled in the Wedding Indemnification Fund. This fund insures your wedding in the event of disaster (lost film, malfunction, etc.).
